

# SHAWN MCCLAIN

## IMPLEMENTATION PROJECT MANAGER

### Summary

---

I am a junior data scientist and technical project manager with a versatile set of skills. From my education and personal projects, I have technical experience data wrangling with the Pandas and Numpy packages in Python, visualizing data with Matplotlib and Seaborn, and applying Machine Learning techniques through the Keras, StatsModels, and Scikit-Learn packages. From my professional background, I have experience leading and organizing data conversion projects with high scale clients.

### Employment

---

**Vertafore** **Denver**  
**Implementation Project Manager** **Jan. 2020 to Current**

- Assisting and guiding customers through the conversion process to convert their source data to a Vertafore system.
- Executing projects and service agreements for new and existing clients.
- Coordinating and organizing the efforts of teammates on projects.
- Making sure implementation processes are on schedule and are to the client's liking.

**Jeju Special Governing Province** **Seogwipo**  
**English Teacher** **Jan. 2018 to Feb. 2019**

- Delivered English lessons to Elementary and Middle school students.
- Managed classroom logistics and disciplinary actions when necessary
- Created interactive learning games using PowerPoint and Word.
- Conducted and orchestrated English camps during the Summer and Winter breaks.
- Created and prepared examination materials for language proficiency

### Projects

---

**Analyzing and Predicting Suicide Rates Jan. 2020 to Apr. 2020**

### Education

---

**Springboard** **Dec.**  
**Data Science** **2019 to**  
**Career Track** **Current**

**University of** **Aug. 2012**  
**Colorado** **to Spring**  
**Boulder** **2017**

BA Economics 2017

### Skills

---

#### DATA SCIENCE

Numpy  
Python  
Keras  
Github  
Sci-kit Learn  
Machine Learning  
Pandas  
SQL  
StatsModels  
Convolutional Neural Nets  
Style Transfer  
Unsupervised Learning

#### TECHNICAL PROJECT MANAGEMENT

Teaching  
Public Speaking  
Time Management  
Database Provisioning  
Team Facilitation  
Change Management
